DRIVEN BY SAFETY

Berkendara semakin percaya diri dengan fitur keselamatan dari New Honda Civic Hatchback RS yang menawarkan pengalaman berkendara secara aman dan memberikan ketenangan dalam setiap perjalanan.

Electric Parking Brake & Auto Brake Hold

Electric Parking Brake membantu pengereman parkir hanya dengan satu sentuhan, serta *Auto Brake Hold* dapat membantu menahan rem saat kondisi macet di tanjakan dan turunan.

6 Airbags

Brake Override System (BOS)

Teknologi pengereman pintar yang membantu memprioritaskan pengereman saat pedal gas dan rem terinjak secara bersamaan.

Emergency Stop Signal

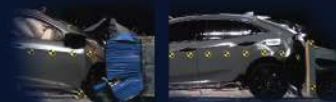

Ketika terjadi pengereman mendadak, lampu *hazard* otomatis berkedip dalam interval pendek, memperingatkan kendaraan lain di belakangnya untuk mencegah terjadinya tabrakan beruntun.

G-CON+ ACETM

with Side Impact Beam

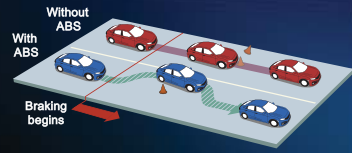

Struktur rangka mobil G-CON meredam dan menyalurkan energi benturan bila terjadi tabrakan yang tidak dapat dihindari, serta struktur cangkang ACE™ yang melindungi kabin penumpang ketika bertabrakan dengan kendaraan yang berbeda ukuran dan *Side Impact Beam* yang meredam benturan saat terkena tabrakan dari samping.

New Honda Civic Hatchback RS telah melalui proses uji tabrak menyeluruh di Honda Motor Real World Crash Test Facility, Tochigi-Jepang.

ABS+EBD+BA

Anti Lock Braking System mencegah penguncian roda saat pengereman mendadak. *Electronic Brake Force Distribution* berfungsi mendistribusikan daya pengereman sesuai beban kendaraan serta dibantu dengan *Brake Assist* untuk pengereman lebih efektif.

Hill Start Assist (HSA)

Memberikan kemudahan akselerasi saat kondisi *stop and go* pada kondisi jalan menanjak.

Vehicle Stability Assist (VSA)

New Honda Civic Hatchback RS dibekali teknologi *Vehicle Stability Assist* untuk mencegah gejala *oversteer* dan *understeer*.
